BIOGRAPHY

IN THE CAGE started in 2007 as a side project of members from **Only Attitude Counts**, **Spider Crew**, **Bust the Chain**, and **Permanent Style**, together with their brothers from **Business As Usual**, Vienna's best progressive metal band at that time.

After releasing their first output „**Talk is cheap**“ in 2009 and playing their first local shows, the band felt a good energy in and outside the rehearsal room and as the response was pretty positive, was motivated to continue the project.

The year 2012 saw the birth of „**Witness the rise**“, the band's first full-length album, released by Burnside Records (AT).

Live shows with bands like **Agnostic Front**, **Only Attitude Counts**, **Spider Crew**, **Companion**, **The Spudmonsters**, **Strength Approach** and many others followed and the good vibes kept coming from supporters and the media.

In 2017, In the Cage released their latest output to date **“Hybris”** via **Rebeat Music Int.** and **WTF Distribution**, and kept on gaining recognition within the metal and hardcore community.

After taking a break in 2019 and 2020, In the Cage is back and determined to fulfill its initial mission. To create honest, hard and aggressive music with a message straight from the heart.....
